administrative building is named for Paul and Sheila Wolk, whose generosity to LFCC has made quality educational opportunities available to many students on both campuses.

In addition to the classroom and laboratory spaces on the Fauquier Campus, the Loeb Center is a dramatic space where students share activities, meals and study time. Students also utilize the resources available in the Bob G. Sowder Library and through the Office of Student Success, where they can receive academic and career counseling, financial aid assistance and other services to assist them in achieving their educational goals.

Middletown Campus

LFCC's Middletown Campus is on a 120-acre tract in the northern Shenandoah Valley approximately 10 miles south of Winchester, Va. Nestled among the Blue Ridge, Massanutten and Allegheny Mountains, with Interstate highways 66 and 81 and U.S. Route 11 adjacent, the campus is easily accessible. The original College building includes classrooms, laboratories, administrative and faculty offices, a business office, the William Moore Dietel Bookstore and the Fredy and Klara Kumpli Student Center.

In 1985, LFCC built a technology center on the Middletown Campus, adding a Special Events Center, computer labs, classrooms and faculty offices. During the 1993 Commencement ceremony, the

building was officially named the Alson H. Smith Jr. Technology Center. In 1994, the Learning Resources Center construction was completed and the facility was dedicated in April 1995 in honor of benefactor Paul Wolk of Fauquier County. Outside facilities include a regulation 400-meter Olympic-size track, fitness trail and soccer field.

In 2005, groundbreaking commenced on the Science and Health Professions Building. The 46,870 gross-square-foot, two-story building provides additional classroom space for the science and health professions courses offered at the College, providing state-of-the-art laboratories for scientific and health study.

In July 2010, the Corron Community Development Center opened. The 30,000 gross-square-foot building is a multi-purpose facility that supports workforce solutions, continuing education, small business development, College advancement and community events. This building also houses the Old Dominion Teletechnet program's distance learning opportunities. The two-story facility includes classrooms, office space and a 500-seat multi-purpose room.

Luray-Page County Center

The Luray-Page County Center is the newest LFCC location. On Jan. 9, 2006, the Center opened with two lecture classrooms, a distance learning classroom, a computer lab and administrative offices. The building supplies and labor necessary for the construction of the Luray-Page County Center, along with the Center's first year operation expenses, were generously provided by Page County and the Town of Luray, making this truly a facility built by the
