

Shift Gears!

Join the growing Manufacturing Industry!

The Manufacturing Technology (MT1) program addresses the core industry-wide skills standards required for skilled production occupations in all sectors of manufacturing.

Northern Shenandoah Valley Adult Education is proud to offer this Credential/Workplace Readiness Program through PluggedIn Virginia (PIVA)!

Classes will be offered May 30-July 7 *
(T-Th: 9am-4pm, F: 9am-12:30pm)

**based on the math pre-screening assessment, candidates may be asked to participate in a math boot camp class prior to the program start.*

In addition to the MT1 Certification, you will have opportunity to:

- Increase your digital literacy
- Boost your math and science skills
- Earn a Career Readiness Certificate
- Gain skills that will make employers take notice
- Take the first steps towards a lifelong career in manufacturing
- Have a guaranteed interview with local companies actively hiring
- Potentially take part in a Registered Apprenticeship

Participants are required to have a high school diploma or GED (or have completed three of the four GED subjects, math being one of them), be over 18 and a Virginia resident. All potential participants will be expected to take a math assessment prior to acceptance.
