Others in Attendance

1. Kim Blosser

LFCC President Kim Blosser thanked members for their willingness to participate in the workgroup. She provided an overview of the purpose of this workgroup to determine if the names on our facilities reflect the mission and values of LFCC. The VCCS State Board resolution asks the local advisory boards to review the appropriateness of their college, campus, and facility names.

Each workgroup member introduced themselves.

Heggoy shared a listing of all named spaces (attachment 1). She shared the timeline for reporting back to the College Board. An interim status report is due by August 21. The final analysis and recommendation report is due on October 23.

A slate of four future meetings was tentatively scheduled for the weeks of August 23, September 13, September 27, and October 11. Committee members will be polled to determine the specific dates.
